

Ante Up For Arrogance

Abruptly found ourselves  
short a day or dollar, &

showed our friends  
the face they've not seen.

Witness the US Senate,  
the dropped mug of  
the now-minority leader.

But don't dwell on him  
as if his sins transcend.

The trashheap of ego  
awaits all of us. Weigh,  
pray how you wish.

It's the destination at which  
you strut, Cock o' the World.
